PROFILE SUMMARY

IT graduate skilled in React.js, Next.js, TypeScript, and responsive web development. Experienced in building web applications, API integration, and CMS management. Passionate about learning new technologies and solving problems.

TECHNICAL SKILLS

- **Programming Languages:** JavaScript (ES6+), TypeScript, PHP
- **Frontend:** React.js, Next.js, HTML5, CSS3, Tailwind CSS, Bootstrap
- **Backend:** Node.js, Express.js, Strapi CMS, Next.js API Routes
- **Databases:** MySQL, Firebase Firestore, PostgreSQL
- **Tools & Platforms:** Git, GitHub, Visual Studio Code, Vercel
- **Libraries & Validation:** React Hook Form, Zod
- **Integrations:** Google Sheets API, REST APIs, Resend, Slack Webhooks

EXPERIENCE

Full Stack Developer Intern – Pipetech AI Technologies Pvt Ltd, Ghansoli, Mahape 6-month internship (ongoing)

- Worked on various web projects as a full stack developer, covering frontend development, API integration, CMS management, and deployment.
- Key projects are listed under Projects below.

PROJECTS

Rashtragranth – School & College Theatre Booking Platform

Next.js | React | TypeScript | Tailwind CSS | Zod | Google Sheets API | Vercel

- Developed a responsive landing page with synchronized enquiry forms for school and college theatre bookings.
- Implemented real-time form validation, input sanitization, and future-date restrictions using React Hook Form and Zod.
- Integrated Google Sheets, email, and Slack notifications for automated enquiry management.
- Implemented spam protection, rate limiting, and duplicate-submission prevention in serverless API routes.

SparksFly Serviced Apartments – Hospitality & Accommodation Website

Live Website: https://sparksflyservicedapartments.com/

Next.js | JavaScript | React | CSS

- Developed a responsive hospitality website featuring serviced apartment listings, property details, and location-based browsing.
- Built key website sections, including About, FAQs, Blogs, Contact, and apartment showcase pages.
- Implemented reusable UI components and responsive layouts to improve navigation and user experience across devices.
- Contributed to the homepage development and integrated booking-related interfaces for apartment discovery.

Healthify+ – Healthcare Management System

GitHub Repository: github.com/Itishanaukudkar11/healthify-plus

React.js | Firebase | Firestore | JavaScript | HTML | CSS | Git

- Developed a responsive healthcare web application with secure Firebase Authentication.
- Built medication reminders, health journal, breathing exercises, wellness dashboard, and emergency contacts.
- Integrated Firestore to store user-specific reminders, journals, profile information, and chatbot history.
- Implemented user profile management and password update functionality.
- Designed a clean responsive UI using React and CSS.

EDUCATION

Bachelors of Science in Information Technology Mumbai University, 2022 - 2025

S.K College of Science and Commerce, Seawoods, Navi Mumbai.

Higher Secondary Certificate 2020 - 2022

Tilak College of Science and Commerce, Seawoods, Navi Mumbai

PROFESSIONAL DEVELOPMENT

Full Stack Web Development (Udemy) – Ongoing

Currently completing a Full Stack Web Development course covering React.js, Node.js, Express.js, Tailwind CSS, Git/GitHub, deployment, and modern web development concepts.
